NUMBER 47

Says WILL ROGERS

BEVERLY HILLS—Well, I know it's just what I read in the papers, and what I hear over the radio, and as the papers haven't had anything, and the static has been bad, ignorance is pretty rampant. Bernard Shaw talked over the radio, that was the high point of radio broadcasting. He made the rest of us that sometimes use that medium, think we all ought to retire and just let him say it.

You know he is a brilliant old bird. He never says what you are looking for him to, but he always says what you are glad he said.

Italy has had another big wedding. One of the daughters married Boris of Bulgaria. They went away off down to some little town in Italy to marry, it seems there was a Justice of the Peace down there that she liked. It rained during the wedding, which means that it won't turn out very good. But it wouldn't have turned out very good even if it hadn't rained, for poor old Boris just got about another war. He ain't so old, only about 32, but there will be a war pretty soon, and of course no European war can be offed unless Bulgaria is a participant, and then Boris will get thrown out on his ear. The first thing you know the King of Italy will be the Father of more deposed Queen Daughters-in-law than anybody.

Mussolini seems like he is going along pretty strong. Saw a picture in the movies the other day where he had an awful mess of young fellows drilling and saluting him. France is still leary of him. She is afraid to go down and pounce on him, for fear Germany will hop on her during their chastisement of Italy. That's why Mussolini traded this Queen to Bulgaria, was in case of any little national uprising in Europe, that Bulgaria would respect their Father-in-law and join Italy. Its oldest line of Hooey and Diplomacy in the world in Europe is to try and gain Allies by marriage.

They think if they can marry one of their Royal Family into another Royal Family that that binds em closer. Nobody couldn't have been much closer bound together than Germany and England. They had been marrying each other like Rabbits for generations, yet when the time come they turned against each other like Brothers.

So those poor devils of royal parentage just go along, go where they are sent. I doubt if the gal had ever seen this Boris Bird, till he come prancing down the center aisle.

But we haven't got any time to mess away our time worrying about them. What are we doing right here in the old home precinct? When you read this, our usual November Pollies will have passed into the discard. Election day will be a relief, and we will wake up with some more of em. There is a deal of excitement, rather synthetic, but anyhow excitement, in some quarters, as to who will go on the Government pension list after this election. They tell me New York State is all hopped up over the Governors race. I don't know just how Roosevelt will fare, but I sure do know he is a fine high class man. I suppose he lost a lot of support by not spanking Tammany and sending em to bed, but he is a fine man never the less, and I guess this other fellow is too, I don't know him.

It looks like the Democrats will get in a bunch of new ones. They always do mighty well on these off years. We get em in on off years and get em out on Presidential years. But it gives some people something to get worked up over, and get all excited over, it don't mean anything. We been stagnating along now about 155 years under every conceivable horse, thief that could get into office, and yet here we are, still going strong.

I doubt if Barnums circus, or Hagenbacks wild animal circus has housed as many different kinds of species as has been in our Government employ during its existence. Yet as bad as they are they cant spoil it, and as good as they are they cant help it.

We are just a river flowing along. We have a drought year, and we have a flood year. They build dams to stop us, but we just fill up and flow on over em, so there is really nothing that can be done to about us. We are just flowing to the sea. Corruption cant retard us, and reformers cant assist us, we are just flowing along in spite of everything.

A good man cant do nothing in office because the System is against him, and a bad one cant do anything for the same reason. So as bad as we are we are better off than any other Nation, so whats the use to worry.

Come pretty near having two holidays of equal importance in the same week, Halloween and election, and of the two election provides us the most fun. On Halloween they put pumpkins on their heads, and on election they don't have to.

COLORED CHAPS GET INTO TROUBLE

CHARGED WITH ASSAULT AND ROBBERY OF EDITH WOODS

James Gentry and Willie Hughes, colored, are in jail to await trial in circuit court on a charge of assault and robbery.

It is charged that on Sunday afternoon they made an assault upon one Edith Woods, also colored, residing in Beaver Creek township, and judging from reports, she is lucky to be alive today. It is reported that Hughes tried to get some money away from her and in doing so bit her arm and face. Mrs. Woods said that she grabbed an axe and in the tussle was severely cut on the arm. She had to be taken to the hospital for attention. The assailants it is claimed took \$32 from the victim.

The two men—Gentry and Hughes tried to make their escape but were apprehended about two hours later at Bay City and Sheriff Bobenmeyer went there Monday and brot them back. A hearing was held on Wednesday morning, both men demanding an examination, which was set for this morning (Thursday).

Mrs. Woods on the stand this forenoon practically substantiated the above report. Other witnesses in the examination were Mrs. Sarah Hill and Bernice Max. The case came before Justice Peterson. In the examination none of the witnesses seemed to indicate that Gentry was implicated in the affair except that he was present.

GRAYLING SCHOOL OBSERVES ARMISTICE DAY

Grayling schools observed Armistice day in a fitting manner on Monday afternoon. The lower grades were assembled in the Gym at 2:00 o'clock and, after singing "America," Supt. Burns explained the meaning of armistice and gave a short discussion on how we could best avoid future wars.

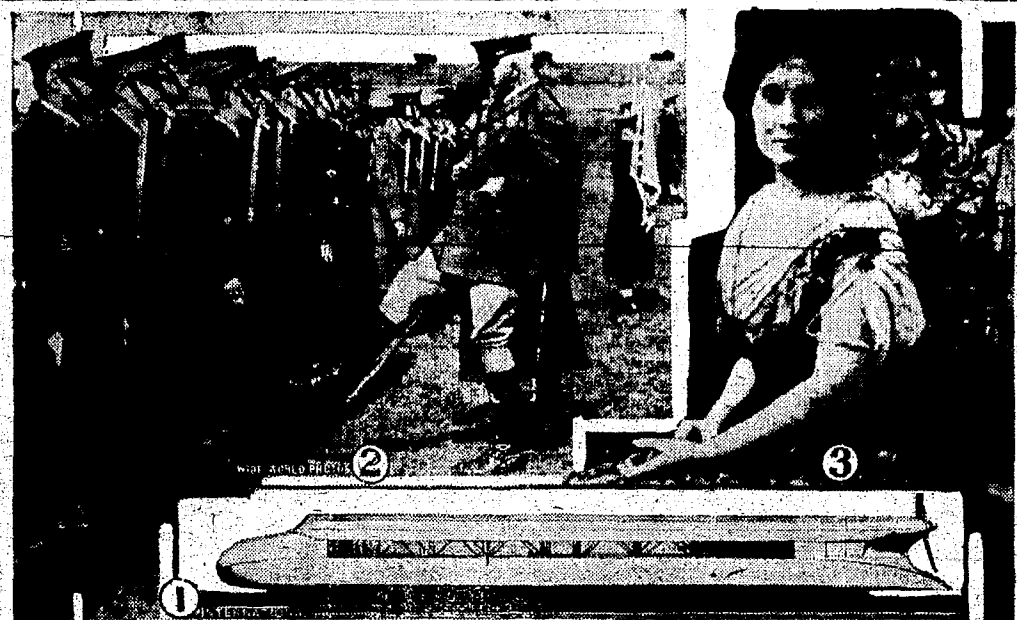

Rev. J. W. Greenwood told an Armistice day story which showed how a nation can conquer the world thru the spirit of good will.

A similar program was held in the High school assembly room at 3:00 o'clock when Mr. Burns discussed world problems facing us, and Mr. Greenwood gave an address on "A Hero of the Peace—Capt. Walter Reed of the U. S. Army." The whole assembly joined in singing many of the wartime songs and the program concluded with the singing of Star Spangled Banner.

WILDS FILLED WITH DEER HUNTERS

SEASON OPENS SATURDAY, NOV. 15TH

For the past several days the highways have been lined with autos carrying hunters. Early in the week those bound for the Upper Peninsula were passing thru. Those arriving at this time are nearly all bound for some place in Northern Michigan. By Saturday the trails of Crawford county will be pretty well covered with hunters.

Deer hunting is great sport and attracts men and also women annually to the north woods. Such outings are good for one's health, that is if they are lucky enough to escape the bullets. It puts zest and zip into a person to sit out for hours on a deer trail, or to play dog in some big swamp. It sharpens the senses, keeps the intellect, stimulates circulation and sends one to his bunk at night for sound, restful sleep. Then again, the sport of deer hunting is great. While we may feel with deep sympathy for these innocent, graceful, and harmless creatures, still we believe they were put here, like the trout, for the pleasure of man, and for food.

While the sale of deer hunting licenses is still going on and there will be many more to add to the list, the following are those who have purchased \$2.50 licenses in Grayling in order to hunt deer in 1930:

TEACHERS ATTEND INSTITUTE

In accordance with orders from Commissioner John W. Payne the teachers of Crawford county laid aside their teaching duties Tuesday and came to Grayling to attend a one-day inspirational institute.

Webster H. Pearce, state superintendent of Public Instruction, and Miss Ina Kelley, head of the rural teachers' division of the state, were the principals on the program of the day. As may be expected, both Mr. Pearce and Miss Kelly offered a large number of helpful suggestions to the teachers present, of whom there was a very good attendance.

A number of musical numbers were offered by local talent to add pleasure to the occasion. The ladies quartette, consisting of Mrs. Milnes, Miss McAllister, Mrs. Jarmin and Miss Hermann, with Mrs. Clippert at the piano, rendered a number of delightful selections. To open the afternoon program Grayling band played three selections, among which was a baritone solo by Frank Sales with band accompaniment.

In all the Institute was very successful.

STATE ABANDONS WOLVERINE HATCHERY

WATER FAILURE IS SEEN AS ONE REASON FOR IT

After being in successful operation since 1922, the Wolverine fish hatchery has been closed by the state. The station has been abandoned, according to reports from state sources. Disposition of the building has not been definitely determined.

Reasons understood for the conservation department's action are recent improvements at the nearby Oden hatchery which decreases the need of the Wolverine hatchery, and a new policy favoring more feeding stations at the expense of hatchery facilities.

Local reports say that abandonment of the station was prompted as a result of a water shortage this year which caused some of the fish to die. There is a need for more wells, it is said.

Local people will view abandonment of the station with regret. Besides serving a practical need in stocking streams with

GRAYLING LUMBERJACKS B. B. TEAM

PICKED FROM GRAYLING'S FASTEST PLAYERS

Grayling Lumberjacks is the name of a new organization of basketball players, under Coach L. J. Cushman and management of Harold McNeven.

The players are as follows: Charles Wylie, Wesley LaGrow, Henry LaGrow, Francis Brady, Elmer Neal, Paul Hendrickson, Matt Bidvia, Rudy Harrison and Russell Robertson.

These are all young men who have starred with Grayling High school and know the game. For several weeks past they have been working hard under Coach Cushman and are "going" great.

Manager McNeven says that he hopes to take this team into Ohio and Kentucky during the holiday season to meet some of the strong teams of those states. Following is a copy of a letter that he has sent out to about fifty towns, hoping that out of that number enough games may be scheduled to give them a solid week of playing. The letter reads as follows:

Grayling, Mich.
November 8, 1930
Manager Basketball Team:
Dear Sir:

The Lumberjacks, a strictly amateur basketball team, will be in Kentucky for one week at holiday time and wish to meet your team if a date can be arranged.

This team is made up of players who have each had the distinction of having been named on at least two all-tournament teams to Charles Wylie who has been named on five such selections.

This team does not boast of ex-college stars but the fact that they are moulded into a smooth working attack using the offense that made the New York Celtics for years a famous team.

This team expects no remuneration with the exception of expenses as they are on a trip advertising Northern Michigan on a good will basis. We wish also to call attention to GRAYLING as the Capital City of Winter Sports—First to most and

fish, the hatchery was one of the attractions to tourists in this county—Cheboygan Tribune.

second to none.

Please let us know the amount you could guarantee without any financial risk to yourselves. We will furnish write-ups and advertising material.

Yours for clean athletics and better winter sports.
H. McNeven,
Manager.

Such a trip is certain to give Grayling favorable advertising. On the backs of the players' sweatshirts will be the words: "Grayling, Mich., pioneer city of winter sports." In front: "Grayling Lumberjacks" and the player's number.

Of course this group isn't organized to play outside of Michigan only; we are sure to see some pretty fast games right here at home.

7:30 p. m.—"What Price Glory?"—the great war picture. The pictures which we shall throw upon the screen are taken from the actual picture itself.

This war drama will be told in a drama-sermon and instead of movie-tone you will have the human voice. It is the best of the picture with the worst left out.

The picture? Well, this is the war drama that robs war of its glamour and glory. It will send you away HATING war, and ready to work for peace.

EDGAR WALLACE, an English author pays this tribute, which will be recognized as the truth by anyone who has been poor and has lived with poor people:

"The clean, decent poor! Their women are more wonderful than the daughters of kings. You saw them hanging out the washing; stout women dying of cancer and smiling through it. Greeting their clothes-peg in their teeth, propping up lines, arresting their labors to wipe wet foreheads with wetter arms and exchange a jest with the woman next door. Working, bearing, and dying. The insurance man calls once a week that they may make provision for a decent burial—their very ambitions are headed toward the grave."

In the reading I have done I have never before seen the thought expressed that "burial insurance" is the poor man's badge of nobility. Millions make weekly payments on policies of \$100 and \$200, because they are determined to pay their own way right into the grave. That is real character. The way the poor look after themselves is one of the most tragically beautiful things in life.

The picture? Well, this is the war drama that robs war of its glamour and glory. It will send you away HATING war, and ready to work for peace.

The price of progress is everlasting effort to improve upon the last job. The minute a man becomes satisfied with his present situation, he takes at that moment a step backward, for he will never again do another job as well as the one he last finished.

That's the way the golf game goes. If you let down for a week and become careless, you find it takes a month to get back into your old form.

This is a depressing thought for those who like to take life easily, withdrawing, after winning early honors, from the rough competition. Many men have tried to do it. Having established a successful business by hard, persistent work, they reef sails and try to glide over the sea comfortably and safely. It doesn't work.

The only secure way to travel over the high seas is to have a destination and to try to get there as promptly as you can. And that's the only safe attitude in business.

Storms surprise indifferent sailors; and disaster overwhelms careless business men.

Mr. and Mrs. Benjamin DeLaMater of Saginaw are at the home of Mr. and Mrs. F. A. Eckenfels. Mrs. DeLaMater is caring for her mother who is quite ill, while Mr. DeLaMater will remain to do some hunting.

Henry Roussion and David Montour and families enjoyed a visit over the week end from Mr. and Mrs. Archie Collier and two sons of Pinconning. Mrs. Arvey Collier and Mr. and Mrs. Ross Adrian and little daughter of Standish.

Mr. and Mrs. Burton Shaw of Detroit visited over the week end with the former's parents, Mr. and Mrs. Grant Shaw. Mrs. Shaw, who was a former teacher in Grayling schools is teaching in Gladwin. She will be remembered as Joy Fouch.

Mrs. Celia Granger and Howard motored to Midland and Bay City Sunday, returning Monday. They were accompanied home by Miss Gertrude Trudeau, who had been visiting her brother, A. J. Trudeau and family for the past month.

Mr. and Mrs. Adolph Peterson are expecting the following guests on Friday: Mr. and Mrs. Bernard Bromwell and son John Pettit of North Manitou Island, Fred Bromwell of Lake Leelanau and Guy Peterson of Bay City. Mrs. Adolph Peterson and the men have taken out deer licenses.

Mrs. Guy Wheaton and two sons, who have been spending the summer months here visiting her parents, Mr. and Mrs. Herman Doroh, left Friday for Morris, Illinois. They will join Mr. Wheaton there where the family will make their home, having formerly resided at Royal Oak.

A few American citizens are still living who were alive in the days when the Indiana and Ohio pioneers were cutting great clear-grained black walnut, white oak and hickory logs, piling them and burning them to ashes in order to be rid of them. Farm houses are still standing in the Ohio Valley whose tenoned frames are of black walnut, and whose roof boards are of wide, clear lumber, such as is now sought for, to be made into kings table-tops. Black walnut lumber in American commerce is today little more than a memory; white oak in the finer finishing grades is worth half the price of mahogany, and the American vehicle industry is in distress for the lack of hickory.

Peterson and Senior Warden George Schaible of Grayling lodge, where Gerald's father is a member, have been invited to be present and both hope and expect to be there. Gerald spent his summers in Grayling with his parents for many years and is really a Grayling boy and his friends here are pleased to see such a fine tribute come to him from the members of his lodge. It is very probable that next year Gerald will be the master of his lodge.

Very few criminal cases have had to be tried in our circuit court. Also he has refrained from authorizing warrants without there was sufficient cause to warrant doing so. We understand that this hasn't always set well with some people who seemed to be bent upon spiteing someone, rather than making complaints for the protection and good of the people in general. Mrs. Augusta Allen and sons, Sam and Fred, attended the funeral of her brother-in-law, Julius Kreuzer, in Roscommon Sunday. Mr. Kreuzer, who was well known in both Roscommon and Crawford counties, passed away in Chicago following an operation. He is survived by his widow, three daughters and one son.

The members and officers of Grayling Lodge No. 356 F. & A. M. have been called for a school of instruction to be held at Roscommon, Tuesday evening, November 18. Past Grand Master Arthur Fox will have charge. Roscommon lodge will serve a banquet at 6:30 o'clock p. m.

Miss Ethel Waite, daughter of Mr. and Mrs. Elery Waite and Oscar Horn, son of Dave Horn, were united in marriage at the M. E. parsonage, Wednesday evening. Rev. J. W. Greenwood officiated at the ceremony and the young couple were attended by Mr. and Mrs. Walter Waite of Lansing.

Fire did some damage to the roof of the Ed. Clark home last Saturday afternoon. It is believed to have started from a spark from a neighboring chimney, as there was no fire in the Clark house at the time. It was easily extinguished by the fire department.

Mr. and Mrs. Joseph Smith and son Lyle, who have been at Charlevoix during the summer months, where Mr. Smith was employed at his trade as baker, stopped in Grayling Saturday to shake hands with friends enroute to their home in Midland. Their sons, Arthur and Vern of Midland, drove to Charlevoix to accompany them home.

Grayling dressed up for armistice day by a generous display of flags in the business district. Shortly after noon Grayling band appeared on the street and played a short patriotic concert. The day was more like an April day than a November day as far as the weather was concerned, and the music by the band was inspiring and refreshing. We certainly must hand it to Bandmaster Ed. Clark and his band. Their music was excellent and the band in general looked trim and slick in their new uniforms. It is worth all it cost to see the boys come out looking like the real band that they are.

SCHOOL NOTES

Fourth Grade

Miss Hermann, teacher
Both Widesawake Town and Sleepy Town have a large star as credit for one week of perfect attendance.

Adjdaumo is the name we have chosen for our Indian Health tribe. A chief and princess is to be chosen from the tribe at the end of the week. We are to choose those who are healthy, clean and tidy.

We are working on a Thanksgiving sand-table project. We have already made two log cabins and some Indian wigwams.

Next week is book week. Miss Hermann has drawn a "book house" on the blackboard and we are going to try to read all the books included in Bookhouse.

Audrey May Brado.
Books are keys to wisdom's treasure,
Books are gates to lands of pleasure,
Books are paths that upward lead,
Books are friends, come let us read.

Audrey May Brado.
The song of the children's librarian
"A Book That's Good".
They came to us with timid hands
but merry eyes—
These little children who have lately learned to read—
And seek a book. "Just any book," they say, "That's good to read."

The silent rows of books upon the shelves
Seem all alike, forbidding those who know not what to choose,
The book comes back from tender hands
And loving eyes.

One page is smudged where small fingers lingered long.
Or turned to read the second time and third.
"It was so good."
And where the little hero had to go and die,
In spite of all the fairies tried to do,
A tear stain shows.

They come to us with eager hands
And open minds—
These little children who so soon will love to read—
To choose and carry forth with gleeful pride
A book to read.

Oh, wisely may we guide their feet upon the road
To reading, so that always they will want
A book that's good.

The Board met pursuant to adjournment. All members present.

The forenoon was occupied in a general discussion in the matter of a

County depository for County moneys.

Resolution by Supervisor Dyer:

Whereas: The Department of Conservation of the State of Michigan has purchased large areas of land in this County and is holding said land for State Forest, State Parks, State Game Refuges, Public Hunting Grounds and Recreational Grounds; and

Whereas: The said Department of Conservation pays no taxes on said lands and the same are taken from the tax roll and thereby very greatly reducing the amount of taxable property in this County and thereby placing an unfair and unjust burden of taxation on the taxable property of this County; and

Whereas: The said Department of Conservation now contemplates and intends to purchase other large tracts of land in this County which will still further reduce the taxable property of this County, and thereby still further add to the unfair and unjust burden of taxation it has already placed upon the taxable property of this County; and

Whereas: All of the lands so held by the Department of Conservation for State Forests, State Parks, State Game Refuges, Public Hunting Grounds and Recreational Grounds are held for the use and benefit of the whole State of Michigan and the County is forever deprived of any source of revenue by taxation for the same; and

Whereas: The Department of Conservation and the Auditor General by a mere play on words classify said lands intentionally and purposely so that the same shall not come under the provisions of Act No. 91 of the Public Acts of the State of Michigan for the year 1925, which said Act No. 91 was enacted for the purpose of paying to the Townships and other municipal corporations a tax on State Game Reserves and State Farms in proportion to other lands in the same Township; and

Whereas: We believe this same condition prevails in other Counties in this State;

Therefore: Be it resolved by the Board of Supervisors of the County of Crawford, that we do everything in our power to procure such legislative action as will compel the Department of Conservation to pay the same rate of taxation to the Townships, Cities and Villages in the several counties where such lands are being owned and held by the said Department of Conservation as like and similar lands are taxed, and for the same purposes, or such other form of relief as shall be equitable; and be it further resolved; That Charles Gierke be authorized and fully empowered to do and act in the matter of procuring such remedial legislative action as he shall and may deem necessary and proper to effect such relief; and

Be it further resolved; That the Clerk of this Board send a copy of these resolutions to the County Clerk of each county of this State and a copy to each Senator and each Representative of the State Legislature and to such other persons as he shall or may deem proper.

Dated this 22nd day of October, A. D. 1930.

Moved by Dyer and supported by Skingley the above resolution be accepted and adopted.

All members voting yea. The motion carried.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES
OF THE AVALANCHE OF 23 YEARS AGO.

Thursday, November 14, 1907

Justice Jos. Simms of Lovell was in the village Monday.

Mr. Steindorf from Ohio, who bought the Dudley Betts farm, is moving onto it. Mr. Slaterback is moving from the place to the Elmer Head farm.

A decided touch of winter reached here the first of the week with snow flurries and cold wind.

Mr. Hicks, a cousin of Charles Stannard, came up from his home in Saginaw county, after his two deer for his winter's meat.

Game warden Babbitt got his first victim last week hunting deer out of season. He caught him just as he was about to shoot. It cost the party \$16.55 for his sport.

At Roscommon Saturday, Nov. 2, Miss Mary Woodruff, daughter of Hon. H. H. Woodruff, was united in marriage to Roy Fuller of Falls City, Oregon. The couple left at once for their western home.

Owing to the fact that so many hunters are going to the upper peninsula this fall the morning train has been enlarged several coaches and being drawn by two engines.

P. Haley, an old resident of Saginaw and a brother-in-law of Henry and Peter Borchers of this place, is reported drowned while duck hunting near his home in Wisconsin.

Our neighbors in Roscommon have by ordinance granted a franchise for a street railroad in their village. It is a part of the line proposed to Higgins Lake. Grayling should get a move on.

Our sheriff, C. W. Amidon, brought in the first deer, a fine buck, on the first day of the open season, and the

conundrum now given out is "whether he had it tied up in the woods, or if he secured it according to statute." As he has secured his quota for the last fifteen years, we are satisfied that it is all right.

Mrs. D. Countryman has moved into the store lately vacated by Mrs. Flagg, opposite the court house.

Andrew Peterson has his jewelry stock moved into the new store next door west of the old stand, and is more nicely situated than ever.

Mr. J. O. Cunningham, who has for some years been a member of the Saginaw bar, has opened a law office in Buck's corner block, 2nd floor, having decided to locate here for the practice of his profession. He comes here with excellent endorsements and with his family is already fairly settled in Mr. Langevin's house on Peninsula avenue, near the Catholic church.

Lovells Locals (23 years ago)

Mr. C. W. Ward of New York arrived Saturday and is stopping with Dr. Underhill.

Commissioner Geo. Owen has had the bridge repaired at Lovells. John Hum did the work.

Jacob Traux has his new house almost completed. His 100 sheep got out of the pasture by some means and strayed off. Dr. Underhill found 98 of them near Crapo Lake and brought them back as far as Shoo Pack Lake when Jake hustled the 98 home, not leaving them on the plains to hunt for the two lost ones.

The angora goats that Mr. Ferson brought in last winter from Montana are doing fine.

Hunters are almost as plentiful as grasshoppers were last August.

every day of the deer hunting season urging assistance in locating some hunter. Most of these calls have to do with accident, sickness or death. Copies of the questionnaire will be sent to the officer located in the county where the party will hunt, and to the Lansing office.

In addition to performing a possible service to the hunters, the questionnaires are expected to assist in preventing non-residents from hunting on resident licenses, a practice that is said to be all too common.

MAPLE FOREST PEOPLE ENJOY TREAT

The people of Maple Forest township were entertained Friday evening, Nov. 7, by Dr. M. L. Smith and The Kelley Appleblossom club of the Rural Department of Central State Teachers college, Mt. Pleasant.

A chicken supper was enjoyed by all with a fine program following. The Club gave a clever one-act play "Neighbors." Some fine orchestra selections were given; also some musical solos and duets. The quartette sang some very amusing songs and Dr. Smith gave an impressive talk on "Better Schools in Michigan."

Keith Forbush of Frederic was a member of the club and his guitar solos were very much enjoyed by his old friends.

The entertainment was very well attended, there being about one hundred and fifty people, and we hope we will be able to have the club with us again.

The program was sponsored by the school of District No. 5, Maple Forest township.

Miss Sarah Vance deserves much credit for bringing an entertainment of such high class to our community, also the ladies from her school district for so ably serving the chicken dinner.

ILLEGAL POSSESSION OF MOOSE MEAT

For the first time in the memory of the Law Enforcement Division of the Conservation Department, a man has been arrested for the illegal possession of moose meat.

John Haggert, Chippewa County, has paid a fine of \$50 for having 200 pounds of moose meat. The meat furnished an unusual feast for the inmates of the Mackinac County Poor Farm.

While Haggert refused to reveal where the meat came from, officers have no doubt but that the animal was a cow moose—was killed in Chippewa County. For the past few years the number of moose in that section of the state has been steadily increasing, probably as the result of migrations from Canada. Three moose were killed by automobiles in Chippewa County last year and several were seen in the vicinity of St. Ignace this year.

What the Great Democratic
Landslide Means and
What Caused It.

By EDWARD W. PICKARD

BUSINESS depression, hard times, unemployment, dissatisfaction of the farmers with farm relief, local political conditions, and last, but not least, the wet and dry issue, all contributed to the Democratic landslide on election day. The Democrats declared the people of the nation had thus registered their emphatic disapproval of the administration of President Hoover. This the Republicans denied. Take your choice.

In the new congress, it appears, neither party will have a constitutional majority in the senate, and the same condition may prevail in the lower house. The Republicans will have 48 senators, the Democrats 47, and the Farmer-Laborites 1. If the last mentioned, Shipstead of Minnesota, votes with the Republicans, they can organize the senate. Otherwise it would take the deciding vote of Vice President Curtis.

Unless a recount gives the Eighth Indiana district to Vestal (Rep.), instead of to Ball (Dem.), the membership of the house will stand: Republicans, 217; Democrats, 217; Farmer-Labor, 1. A constitutional majority is 218.

In both houses the progressive or radical Republicans will hold the balance of power in matters of legislation and by coalition with the Democrats can continue successfully their habit of course of hampering the national policies of their party.

NINE gains of senate seats which the Democrats are sure of at this writing were made in Massachusetts, West Virginia, Ohio, Illinois, Kentucky, Kansas, Oklahoma, South Dakota and Colorado. They lost one seat in Iowa, where Representative Dickinson defeated Senator Steek.

Three administration senators who were beaten were Allen of Kansas, Robison of Kentucky and McCulloch of Ohio. However, two anti-administration senators lost out—Pine of Oklahoma and McMaster of South Dakota. Two administration senators who were victorious in hard fights were McLean of Rhode Island and Hastings of Delaware. Hastings ran as a dry in a notoriously wet state, and against him was all the influence the anti-prohibitionists could muster, but he decisively beat Thomas F. Bayard, former senator, wet and a Democrat.

There was much rejoicing among the wets. They rejected four new wet senators: Lewis of Illinois, Bulkley of Ohio, Coolidge of Massachusetts and Gore of Oklahoma, and they claim Metcalf of Rhode Island will vote wet. However, three dries replace as many wets: Dickinson of Iowa, Huey Long of Louisiana and White of Maine. As for the lower house, the wets claimed a gain of about 70 members. Of course the dries will continue to control both houses by heavy majorities, but the leaders of the wets assert the election presages the eventual repeal of the Eighteenth amendment.

Heavy wet majorities were shown in each of the three states, Illinois, Rhode Island and Massachusetts, where there were referendum votes on various phases of the prohibition question.

SOME of the election results were spectacular. For instance, in New York state Franklin D. Roosevelt, Democrat, was re-elected governor by the unprecedented plurality of 725,000 votes, completely swamping his Republican rival, Charles N. Tuttle. The "Happy Warrior" thus becomes the outstanding figure of the Democratic party and a potential candidate for the Presidential nomination in 1932.

He supplanted Al Smith as a leader of Empire state votes both metropolitan and rural. There was a Tammany tidal wave in New York city, but Mrs. Ruth Pratt, Republican, was re-elected to congress, defeating her Tammany rival and Heywood Brown, communist and Socialist; and Representative La Guardia, also Republican, retained his seat.

James Hamilton Lewis, picturesque and able Democrat, swept Illinois like a prairie fire, having a plurality for the senatorship of about 720,000 over Mrs. Ruth Hanna McCormick, Republican, who straddled the liquor issue, and Mrs. O'Neill, independent dry, who was a very poor third. This was the climax of one of the most interesting campaigns in the country. The Democrats also captured almost all the offices in the state and in Cook county, which includes Chicago.

Pennsylvania clung to its rock-ribbed Republicanism and Gifford Pinchot, radical and ardently dry Republican nominee for the governorship, was elected despite the defection of many of the party leaders and the adverse vote of Philadelphia. Ohio seemed to indicate its wetness by electing Robert J. Bulkley, wet Democrat, to the senate; but on the other hand George White, Democrat, who was chosen governor, is a dry. Wisconsin, as usual, went La Follette, electing young Philip F. of that family its governor. Like his brother, Senator La Follette, he is nominally a Republican. Democrats of Indiana elected nine congressmen, to four Republicans, among the latter is the veteran Will R. Wood who has represented the Tenth district for many years. Mrs. Otis T. Wingo of
